**REQUEST TO RE-MAIL OFFICE ACTION AND
RESTART PERIOD FOR REPLY**

Commissioner for Patents
U.S. Patent and Trademark Office
Customer Service Window, Mail Stop AF
Randolph Building
401 Dulany Street
Alexandria VA 22314

Sir:

Applicants hereby request the U.S. Patent and Trademark Office to re-mail the Final Office Action dated February 6, 2006, and to restart the period for reply to run from the date on which the Final Office Action is re-mailed.

Applicants submit that they never received a copy of the Office Action dated February 6, 2006.

The facts are as follows:

On November 17, 2005, Applicants filed a Response under 37 C.F.R. §1.111. On April 17, 2006, Applicants' U.S. counsel telephoned the Examiner to inquire as to the status of the application. The Examiner was not available, and Applicants' U.S. counsel left a voice message. On April 19, 2006, the Examiner telephoned Applicants' U.S. counsel and indicated that an Office Action had

been mailed on February 6, 2006. Applicants (and their U.S. counsel) have not received a copy of said Office Action.

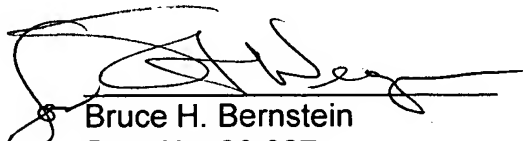

Applicants herewith submit for the Office's consideration, a copy of a computerized report of Applicants' U.S. counsel's docketing database system which lists all Office Actions that Applicants' U.S. counsel received from the U.S. Patent and Trademark Office with a mail date of February 6, 2006. As can be seen from the report, the attorney docket number corresponding to the present application, P21848, is absent from the list.

Applicants also attach hereto a computer printout of the history of the present application, and a copy of the hand-written history card which Applicants' U.S. counsel keep in their application file. Applicants respectfully submit that neither the computer printout nor the history card for this application show that Applicants' U.S. counsel received a Final Office Action dated February 6, 2006.

Accordingly, Applicants respectfully request that the Final Office Action be re-mailed, and that the time period for responding thereto be restarted to run from the date of the re-mailing. Further, Applicants respectfully request that the Examiner confirm that this delay will not be used to reduce the term of any patent that issues from this application, as the non-delivery of the original Final Office Action was not the fault of Applicants.

Should the Office have any questions or comments regarding the present application, the Office is invited to contact the undersigned at the below-listed telephone number.

Respectfully submitted,
Llewellyn YANCE et al.
